

Product Change Notification—PCN# **PCN000988**

February 19, 2024

Dear Valued Customer,

We would like to inform you that Moxa is going to make changes to the ioThinx 4530 Series. These changes will be implemented by April 01, 2024. Please review the details below to determine how the changes will affect your products and/or operations.

What will change?

Changes will be made to the **ioThinx 4533-LX** and **ioThinx 4533-LX-T** models of the ioThinx 4530 Series.

The following changes will be implemented in the new versions of the models:

- Changes the operating system from Debian 9 to Moxa Industrial Linux 3 (MIL3).
- Upgrades the RAM size from 512 MB to 2 GB.
- Preinstalls the Trusted Platform Module 2.0 (TPM 2.0).
- Discontinues support for OPC UA and cloud connectivity libraries.

Which products will be affected?

Product Name	Current Version	New Version
ioThinx 4533-LX	V1.0.1	V2.0.0
ioThinx 4533-LX-T	V1.0.1	V2.0.0

When will the new versions be available?

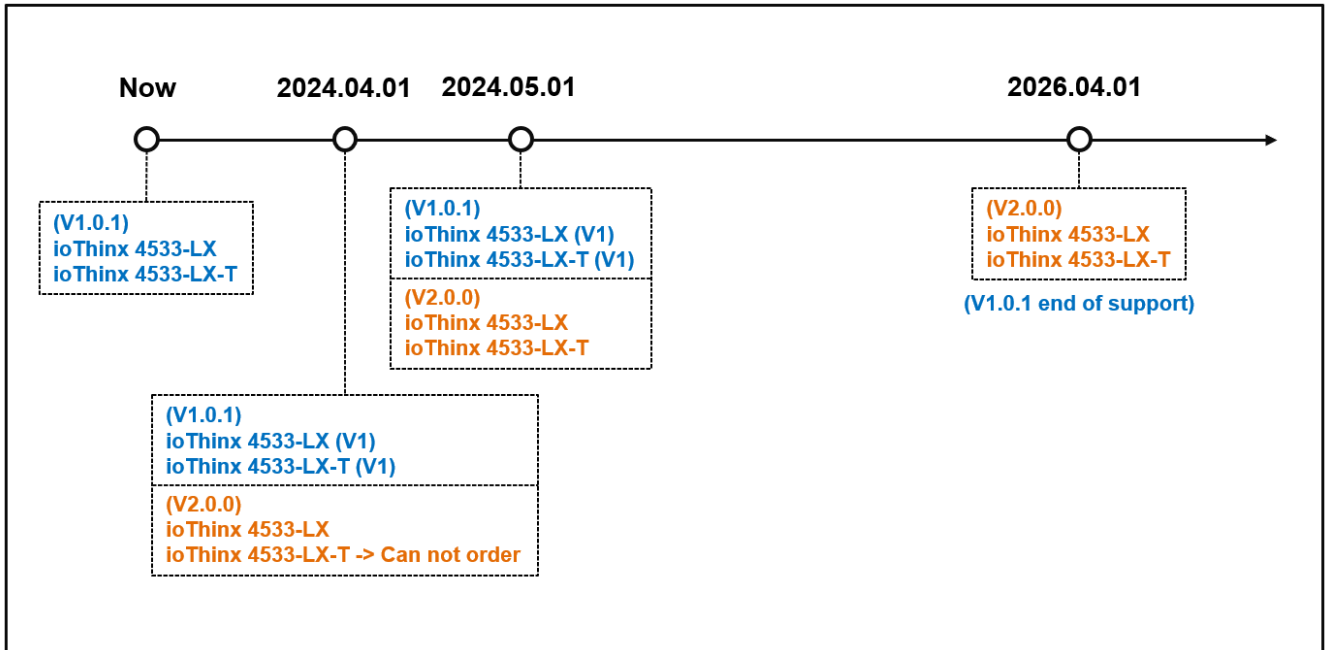

Product Name	New Version	Available for Order
ioThinx 4533-LX	V2.0.0	April 01, 2024
ioThinx 4533-LX-T	V2.0.0	May 01, 2024

Continuous support for the previous version

These changes will not be backward compatible. Hence, we will make **ioThinx 4533-LX (V1)** and **ioThinx 4533-LX-T (V1)** models available to continue support for your existing applications.

Product Name	Available for Order	End of Support
ioThinx 4533-LX (V1)	April 01, 2024	April 01, 2026
ioThinx 4533-LX-T (V1)	April 01, 2024	April 01, 2026

Product transition timeline

If you have any questions, please contact Steven Chen (steven.chen@moxa.com), or contact your regional sales representative.
